

Ajay Joshi

- Mr. Ajay Joshi has been in leadership position for many years in US and India. In last 10 years, he has worked with many organizational leaders in carrying out Organizational Change Management as part of ERP implementation. Ajay has conducted many organizational trainings in last 10 years on various subjects related to customer satisfaction, IT Operations and Project Management.
- While in US, Ajay was recipient of services provided by Indian IT companies. That provides him a unique perspective as he covers in training some areas very specific to client expectations from US.
- Being an IT operations person, post the sessions, Ajay provides feedback to the client management on what needs to be done to address some of the operational problems.
- Ajay's training assignments till now include onboarding sessions at JP Morgan, open sessions on MS Project, captive sessions on Customer Satisfaction, Estimation and Project Planning for multiple clients.
- Till July 2008, Mr Ajay Joshi was a Vice President at Citigroup located at Jacksonville, FL managing development activities for USD 200 MM Chordiant implementation. Mr. Ajay Joshi has over 30 years of IT experience managing projects in US for large MNCs like GE and Citigroup. In November 2008, he started ERP Consultants India, an independent ERP consulting company based in Vadodara serving Gujarat, Maharashtra, MP and Rajasthan.
